Brainerd "Paul Bunyan Land"

Brainerd, which is located on the Mississippi River, has become the cross-roads city of north central Minnesota. The Northern Pacific Railway Company furnishes transportation from International Falls on the Canadian Border to the Capital of Minnesota, with another spur from Staples on a Fargo line to Duluth on Lake Superior. The Northland Greyhound Bus Lines serve Brainerd by regular routes from Minneapolis to Bemidji and from Fargo to Duluth. Brainerd has joined Crow Wing County in building a large airport which is served by four flights daily of the Wisconsin Central Air Lines as a feeder for the transcontinental lines in Minneapolis.

Brainerd, with a population of about 12,350 souls, is the county seat of Crow Wing County, the district headquarters for state highway maintenance, a district station for the state Forestry Service, a state office for the U. S. Census Bureau, and a district office for the U. S. Farmers Home Administration and the U. S. Internal Revenue Bureau.

In a radius of 25 miles, with Brainerd as the center, are 464 lakes with over 400 resorts on these lakes. There are also thousands of simple cottages and many modern homes on these lakes, where the nation vacations. People from many far away states come here each year to rest and play and restore their health.

Brainerd owes its origin to the building of the Northern Pacific railroad in 1870. This railroad now maintains a huge car-building shop, making freight cars on an assembly line pattern to the

tune of ten or more per day. It means a large payroll for skilled mechanics and brings much business to Brainerd. The railroad also maintains a tie treating plant.

Other manufacturers in Brainerd include a paper mill, a milk drying plant, a garment factory, wallpaper stock producer, wholesale bakeries, ice cream factory, Coca-Cola bottling plant, foundry, sash and door factory, concrete block factory, sheet metal shop, and many others.

The public school system consists of modern decorative buildings. There are four grade schools, one junior high school, and a senior high school which also houses a junior college. There are two smaller structures for primary schools and there is also a parochial school in service.

Brainerd has a serviceable waterfront park with water sports and life-saving training. The Crow Wing County Agriculture Society has a forty-acre fairground in Brainerd, and its annual fair puts about 30,000 persons through its turnstiles. The fairground includes a Memorial Ball Park, equipped with a steel-concrete grandstand and a lighting system for night baseball.

One of the city's greatest assets is its municipal water supply. It is the most wholesome and potable of waters, taken from wells in glacial gravel deposits. By a unique type of plant, iron and manganese are removed almost automatically; but otherwise the water is not subjected to chemical dosages and to drink the water is worth a trip to Brainerd.

How to Use the Directory

NAMES OF RESIDENTS OF CITY AND IMMEDIATE VICINITY.

"Head of Family" is first, followed by occupation (abbreviated), street address, mailing address and telephone. Directly under each name is the name of other members of the family—wife in parenthesis (), children. NOTE: If the street address and the mailing address are the same, it will not be duplicated.

THE CITY MAP has been revised and the Legend for locating streets will be found on sheet under the map.

THE LAKE REGION MAP, showing lakes, highways and communities in the Brainerd lake region.

STREET LISTINGS are alphabetically arranged and have numbers insofar as the houses are numbered.

THE CLASSIFIED BUSINESS DIRECTORY is arranged alphabetically according to business classification.

SPECIAL NOTE: All material in the Directory was gathered and compiled by the members, and full-time missionaries of the Church of Jesus Christ of Latter Day Saints who are laboring in this area. Work extended over several months and was all volunteer, no compensation for time and efforts. All proceeds from sale of advertising in the Directory over the cost of printing and distribution will go into the Building Fund of the Brainerd Branch of the Church. Every precaution has been taken to avoid errors, although it is realized there are some. Therefore your forbearance is asked. The people of this community were very co-operative for which the members and missionaries are deeply appreciative.

respectively. The nursing lectures emphasized care and treatment of patients with these two diseases. Seminar sessions are scheduled for the next seven Thursday evenings. The meetings get underway at 8:00 p.m.

Sponsors of the Brainerd Seminar are the University of Minnesota; Minnesota Department of Health; Minnesota State Medical, Dental and Nursing associations; Upper Mississippi Medical society; Brainerd Dental society, and 12th District Minnesota Nurses association.

Also, having a part in the sponsorship are Minnesota Cancer so-

noticed a padlock hanging on a nail by the door.

While reading the dials and writing the figures, a faint "Click!" drifted down to him.

His job finished, he retraced his steps to the door—locked. A dutiful and officious jainior had passed this way, and without checking to see if anyone was inside, snapped the padlock in the bar of the door.

At this depth and distance, yelling or pounding on the steel and brick were useless. He searched frantically, finally finding a telephone.

A call to the owner's repre-

that lack of business on Friday nights is caused by attendance at games and other activities of this type which have always been held on Friday.

Charles Spencer Visit

Charles Spencer who is employed with Western Union in Rochester is spending a two-week vacation visiting his mother, Mrs. Nell Spencer and other relatives and friends in Brainerd. Charles Spencer and Mrs. Nell Spencer left Sunday for Osceola, Iowa, where they will visit several days with relatives.

Eberts Leave

It was announced this week that Don Jones, manager of KLIZ, has resigned and will move to Austin. Jones has been with KLIZ since December of 1949 and will assume his new position at KAUS, Austin, on or before October 15. He will act as account executive at Austin and prepare for television which is expected at Austin within the next year.

His wife, Dorothy, and two children, Edward, three, and Jane, one, will join him as soon as living quarters are located.

Mr. and Mrs. Ray King returned Saturday to Camp Brecken-

the farm during the summer. The paper route kept him too busy for extra-curricular activities, but he did find considerable reading which he still enjoys.

HONOR STUDENT

Graduating from a high school at the role of an honor future governor decided the University of Minnesota study medicine, but the termination of the necessary and he desired to enter a
